

# Delaware Cancer Treatment Program Provides Financial Help For Uninsured Patients

The cost of treating cancer can be devastating for the uninsured. Delawareans without health insurance often don't get regular mammograms, prostate cancer tests, or colonoscopies. Some say they "don't want to know" because they don't believe there is anything they can do if they're diagnosed with cancer. Now, however, eligible Delaware residents can receive **free cancer treatment for up to 2 years.**

If you've been diagnosed with cancer, you may be eligible for assistance with covering cancer treatment costs. **The program is available to Delaware residents who:**

- Were residents of Delaware when diagnosed with cancer
- Were diagnosed with cancer on or after July 1, 2004
- Have no comprehensive health insurance; or whose maximum out-of-pocket expenses are more than 15 percent of income (does not include premiums)
- Meet income guidelines
- Are not eligible for health insurance

Call **1-844-245-9580** to apply; or download an application in English or Spanish

After you complete your application, follow these steps:

- **Complete, sign, and date the application.**
- Mail it to: **Division of Public Health, c/o Gainwell Technologies, P.O. Box 950, Manor Branch, New Castle, DE 19720-0950**
